

Retail Kits

Flat Track by Leatherneck Hardware is available in standard length kits. Flat Track kits are easy to order, warehouse, and display in any retail setting. The kits include all hardware components needed for a standard size opening.

- NEW! Kits now in 402 Straight and 407 Top Mount
- Kits available in: 5 ft, 6 ft, 7 ft and 8 ft track lengths
- All Finishes available: Black, Brushed Nickel, Brushed Stainless, Clear Coat, MP109, Painted Bronze, Mill Stainless, Unfinished, Weathered Rust, New Penny, Antique Bronze, Machined Copper
- Industry-leading 400 lb. capacity
- All products are manufactured and assembled in our facility to ensure the highest of quality

Custom track lengths, finishes, hangers and bi-parting kits are available upon request.

Retail Track and Component Kit Includes:

- 2 402 or 407 style Flat Track Hangers with Mounting Hardware
- 1 #142 Flat Track with 3-4 Spacers and Track Mounting Screws (*quantity varies by length of track*)
- 2 Door Stops with Cushions
- 2 Anti-Jump Blocks
- 1 Bottom Fin Guide
- Easy-To-Follow Instructions

Bi-parting doors require multiple kits and splice plate. Door openings wider than the specified kit width will require multiple tracks and splice plate.
